Request for Changes

Requirements Document
University Management Software

The University of Victoria has requested the following changes to some of the requirements that were outlined in Psychic Octo Guacamoles Requirements Document.

1. Update Landing Page
2. Change subdomain to include "uvic"
3. Change the title of the pie chart
4. Remove the search bar
5. Change the filter button to display current and selectable terms
6. Change the loading animations to that of a circle
7. Export the data available as a csv file instead of json
8. Update the mental model to remove external email notifications
